A compact versatile scanner

Combining 50-page auto document feeder with A4 flatbed scanning, the AV620C2+ is an ideal choice for workgroups with a demanding workload and limited budget.

The slim flatbed design is made possible by CIS technology. With true 600 dpi optical resolution, the scanner is able to capture the finest detail.

Operation of the AV620C2+ is simple with Avision's exclusive software application, the Button Manager. Users only need to properly place the document on the scanner, then press the Scan button. The scanning task can be finished within seconds. Best of all, the scanned image can be directly sent to your desirable destination applications.

What we have bundled

The Avision AV620C2+ scanner comes with TWAIN and ISIS drivers, and is bundled with Avision Button Manager, AvScan 5.0, and ScanSoft PaperPort 11SE software applications.

Avision's Button Manager

Completes your scan in a single step

The Button Manager main screen

Avision's state-of-the-art software application, the Button Manager, enables you to complete complex scanning tasks in just a single step. When the button is pressed, the scanner automatically scans your documents and converts them to a highly compressed file format, Adobe searchable PDF, or other image formats, and then sends the file to a designated folder, or other destination applications such as e-mail, printer, or your favorite software application. The original step-by-step procedure is replaced with only a single touch of the button.

Avision AV620C2+ Slim Document Scanner

Button Manager

-Deliver and Manage Your Document Better on the Internet

Fit for both first-time and experienced users alike

For first-time users, Avison's Button Manager provides true ease-of-use with 9 pre-configured file formats and destinations. For advanced users, Avison's Button Manager makes full customization possible. For example, you can change scan settings, file formats, or even add new destination software application to fit your own scanning needs.

Automatically converts to Adobe certified searchable PDF

Incorporated with Adobe's PDF scan library, Avison's Button Manager allows users to scan and convert document to a increasingly popular and effective compression file format, Adobe searchable PDF, to share and manage high volume or high-resolution color documents on the internet in unprecedented quality and speed.

AvScan 5.0

-The Intelligent Document Management

The AvScan 5.0 main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AvScan 5.0 ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AvScan 5.0 is an intelligent scanning and electronic filing solution. AvScan 5.0 possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

ScanSoft PaperPort 11SE

- The Professional Choice to Organize and Share Your Documents

PaperPort 11SE is the easiest way to turn piles of paper and photos into organized files that you can quickly find, use and share. Stop wasting time searching for paper documents. End the frustration of organizing, editing and sharing your digital photographs. PaperPort 11SE makes it simple to connect your scanner and computer together to work with PDF and JPEG images just like working with paper documents right on your desktop. It is the perfect solution for your home or small office. Save time and money with the security of knowing that important documents and photos will never be lost.
